"Domestic Engineering" Quarterly Index

Vol. LXXX—July 7 to September 29, 1917.

This is the thirty-first index of "Domestic Engineering," an index for each quarter appearing at the end of that quarter. We ask our readers to note the value of this index for reference, calling special attention to the separate classification of the departments of "Literature, Catalogues" and "Questions and Answers," and to the "Inventions and Improvements," which give you a line on up-to-date practice and materials.
